

Please keep the Morse Code as a requirement for operation on the HF Bands. This element of the hobby is what separates those who can and the want to be's. When no other means of communication will get through the CW signal will, and if there is no one who can interpret, what would be the use. The SOS or MayDay might go unanswered.

That is my personal view. I also concur with the authors of the FISTS Organization's views. They speak more eloquently than I, and convey my thoughts on the subject.

Respectfully,
Tim Porter
